AR Travel

SnapPop can use AR to bring Bruce Lee, Anita Mui and McDull to live at Avenue of Stars, Hong Kong.

For other travel brands, this solution expands time spent with the brand. Also, it even creates new revenue source, affiliate-marketing with the attraction-near-by merchants.

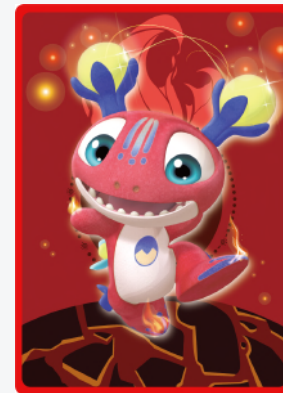

AR Home Learning

The goal of this solution is to:

Bring the learning experience from the workplace, from the outdoors, from the schools etc... into the home;

Learn moral and ethics via gamification

3D Game with 99 Dragons and 25 levels

99 of 3D Dragons each with special power and skills, 25 game levels and in-app purchases

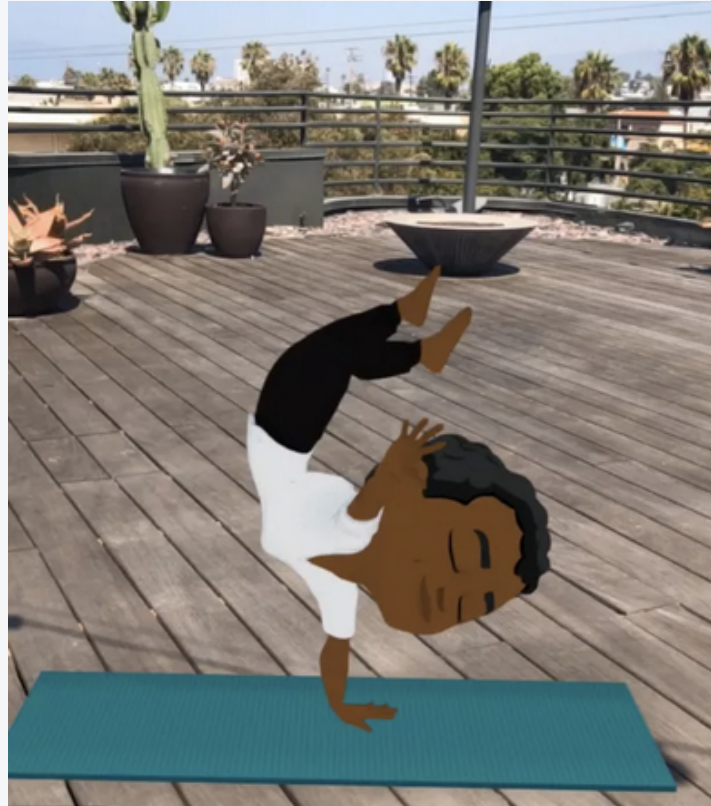

Learning & Practicing (as seen on TVB)

- Stimulate children's interest into learning using interactive 3D modelling, animations and voices to make the animals to come alive;
- A great tool to assist parents and improve the quality time together with the child;

Upcoming
